

Year: 2021

Service: naming, logo design, cafe design

During this project we have developed a logo, naming and an interior design project for "Hot 8" street food cafe.

Naming comes from the fact that there are eight main items on the menu.

An interior of this cafe is designed in bright corporate colors: yellow, turquoise and red. For decoration we used a sculpture of a brand character - Hot Eight from the cafe's logo.
